

# COMPLETE GAME BASEBALL CAMP

Complete Game Baseball Camp is an elite youth baseball experience to enhance skills, understanding, and the overall enjoyment of the game. We believe that our community is stronger when our youth have opportunities to build connections, develop relationships and make lasting memories.

Our instructors are NYS certified Physical Education teachers and coaches with a strong background in baseball and a passion for the game.

Our aim is to make skill development fun through mini-competitions, games and challenges. Activities are designed to keep everyone engaged, motivated and having a great time, all while growing in their skills and knowledge of the game.
